February 29 Fear of the Lord: Have you ever wondered how we are able to apprehend the greatness of God? Have you ever wondered about those beautiful transcendent moments in life that just seem so fleeting, yet so real! Let's talk about our awesome God this week!

March 7 Knowledge and Counsel: Have you ever just pondered God? Have you ever shared your insights and knowledge with others? How are we able to know God, to really know God? We are blessed with these gifts to be witness to God's Good News and to find the words to share it and energies to live it.

March 14 Wisdom and Understanding: Wisdom is Sophia in the First Testament. Wisdom is revealed through Jesus Christ in the New Testament. Let's chat about these gifts of wisdom and understanding which guide our lives before God and help us make choices that are direct our hearts and souls toward true and deepened relationship with God. Have you ever felt a great joy in letting go? What about the sense of peace that comes with those God moments in life that you have felt the power of God aiding you in the mystery of life? What about all I do not understand?

March 21 Piety and Fortitude: How do you love God? What is so special about your relationship with God? How has Jesus been hope in your life? Why is fortitude such a necessary gift of the Spirit? Is it okay to keep trying and failing?

As we ponder Jesus and his mission and passion, we remember that there is no greater gift than Jesus, his incarnation, his ministry, and his sacrifice that we might be saved. We ponder these special gifts in gratitude for the God who loves us infinitely.

Please come and share, please come and listen, please come.
